Dear Sir/Madam

THE PROPOSED ADOPTION OF A SHAREHOLDERS' GENERAL MANDATE FOR INTERESTED PERSON TRANSACTIONS

1. INTRODUCTION

- 1.1.1 The purpose of this Circular is to provide Shareholders with the relevant information relating to the proposed adoption of a general mandate for interested person transactions ("**Proposed IPT Mandate**"), and to seek Shareholders' approval at the forthcoming EGM for the adoption of the Proposed IPT Mandate.
- 1.1.2 Shareholders are advised that the SGX-ST assumes no responsibility for the contents of this Circular, including the accuracy of any of the statements or opinions made or reports contained in this Circular. If any Shareholder is in any doubt as to the action he should take, he should consult his bank manager, stockbroker, solicitor, accountant or other professional adviser immediately.

2. INTERESTED PERSON TRANSACTIONS UNDER CHAPTER 9 OF THE LISTING MANUAL

2.1 Chapter 9 of the Listing Manual

- 2.1.1 Chapter 9 of the Listing Manual governs transactions in which a listed company or any of its subsidiaries or associated companies (known as an "**entity at risk**") enters into or proposes to enter into with a party who is an interested person of the listed company. The purpose is to guard against the risk that interested person could influence the listed company, its subsidiaries or associated companies to enter into transactions with it that may adversely affect the interests of the listed company or its shareholders.

LETTER TO SHAREHOLDERS

2.1.2 For the purposes of Chapter 9 of the Listing Manual:

- (a) an “**approved exchange**” means a stock exchange that has rules which safeguard the interests of shareholders against interested person transactions according to similar principles to Chapter 9 of the Listing Manual;
- (b) an “**associate**” in relation to any director, chief executive officer, substantial shareholder or controlling shareholder (being an individual) means his immediate family (i.e. spouse, children, adopted children, step-children, siblings and parents), the trustees of any trusts of which he or his immediate family is a beneficiary or, in the case of a discretionary trust, is a discretionary object, and any company in which he and his immediate family together (directly or indirectly) have an interest of 30% or more. An “associate” in relation to a substantial shareholder or controlling shareholder (being a company) means any other company which is its subsidiary or holding company or is a subsidiary of such holding company or one in the equity of which it and/or such other company or companies taken together (directly or indirectly) have an interest of 30% or more;
- (c) an “**associated company**” means a company in which at least 20% but not more than 50% of its shares are held by the listed company or group;
- (d) a “**chief executive officer**” means the most senior executive officer who is responsible under the immediate authority of the board of directors for the conduct of the business of the listed company;
- (e) a “**controlling shareholder**” is a person who holds directly or indirectly 15% or more of the nominal amount of all voting shares in the listed company (unless otherwise excepted by the SGX-ST) or in fact exercises control over a company;
- (f) an “**entity at risk**” means:
 - (i) the listed company;
 - (ii) a subsidiary of the listed company that is not listed on the SGX-ST or an approved exchange; or
 - (iii) an associated company of the listed company that is not listed on the SGX-ST or an approved exchange, provided that the listed group, or the listed group and its interested person(s), has control over the associated company;
- (g) an “**interested person**” shall mean a director, chief executive officer or controlling shareholder of the listed company, or an associate of such director, chief executive officer or controlling shareholder; and
- (h) an “**interested person transaction**” means a transaction between an entity at risk and an interested person, and a “**transaction**” includes the provision or receipt of financial assistance, the acquisition, disposal or leasing of assets, the provision or receipt of services, the issuance or subscription of securities, the granting of or being granted options, and the establishment of joint ventures or joint investments, whether or not in the ordinary course of business and whether or not entered into directly or indirectly.

LETTER TO SHAREHOLDERS

- 2.1.3 An immediate announcement and/or shareholders' approval would be required in respect of transactions with interested persons if the value of the transaction is equal to or exceeds certain financial thresholds.

In particular, an immediate announcement is required where:

- (a) the value of the proposed transaction is equal to or more than 3% of the latest audited net tangible asset ("**NTA**") of the listed group; or
- (b) the aggregate value of all transactions (including the subject transaction) entered into with the same interested person during the same financial year is equal to or more than 3% of the latest audited NTA of the listed group.

In addition to an immediate announcement, shareholders' approval is required where:

- (a) the value of the proposed transaction is equal to or more than 5% of the latest audited NTA of the listed group; or
- (b) the aggregate value of all transactions (including the subject transaction) entered into with the same interested person during the same financial year, is equal to or more than 5% of the latest audited NTA of the listed group.

In interpreting the term "same interested person" for the purpose of aggregation, the following applies:

- (a) transactions between (i) an entity at risk and a primary interested person; and (ii) an entity at risk and an associate of that primary interested person, are deemed to be transactions between an entity at risk with the same interested person. Transactions between (X) an entity at risk and a primary interested person; and (Y) an entity at risk and another primary interested person, are deemed to be transactions between an entity at risk with the same interested person if the primary interested person is also an associate of the other primary interested person;
- (b) transactions between an entity at risk and interested persons who are members of the same group are deemed to be transactions between the entity at risk with the same interested person; and
- (c) if an interested person (which is a member of a group) is listed, its transactions with the entity at risk need not be aggregated with transactions between the entity at risk and other interested persons of the same group, provided that the listed interested person and other listed interested persons have boards the majority of whose directors are different and are not accustomed to act on the instructions of the other interested persons and their associates and have audit and risk committees whose members are completely different.

The above requirements for immediate announcement and/or for shareholders' approval do not apply to any transaction below S\$100,000 and certain transactions as set out under Rules 915 and 916 of the Listing Manual. However, while such transactions below S\$100,000 are not normally aggregated under Chapter 9 of the Listing Manual, the SGX-ST may aggregate any such transactions entered into during the same financial year and treat them as if they were one transaction in accordance with Chapter 9 of the Listing Manual.

LETTER TO SHAREHOLDERS

2.1.4 For illustrative purposes, as at the Latest Practicable Date, based on the latest audited consolidated financial statements of the Group for the financial year ended 31 December 2023 (“FY2023”), the NTA of the Group was approximately US\$175,533,000 as at 31 December 2023. Accordingly, in relation to the Group, for the purposes of Chapter 9 of the Listing Manual, in the 15-month financial period from 1 January 2024 to 31 March 2025 (“15M2025”¹) and until such time as the audited consolidated financial statements of the Group for 15M2025 are published, Shareholders’ approval is required where:

- (a) the transaction is of a value equal to, or more than, approximately US\$8,776,650, being 5% of the Group’s latest audited NTA for FY2023; or
- (b) the transaction, when aggregated with other transactions entered into with the same interested person during the same financial year, is of a value equal to, or more than, US\$8,776,650. The aggregation will exclude any transaction that has been approved by Shareholders previously or is the subject of aggregation with another transaction that has been approved by Shareholders.

2.1.5 Chapter 9 of the Listing Manual also permits a listed company to seek a general mandate from its shareholders for recurrent transactions of revenue or trading nature or those necessary for its day-to-day operations such as the purchase or sale of supplies and materials, which may be carried out with interested persons of the listed company, provided the relevant information required under Rule 920(1)(b) of the Listing Manual is set out in a circular. It should be noted that no such mandate can be sought for the purchase or sale of assets, undertakings or businesses. In addition, a general mandate is subject to annual renewal.

2.2 Requirements on the Circular

Pursuant to Rule 920(1)(b) of the Listing Manual, the circular seeking Shareholders’ approval for the adoption of a general mandate for interested person transactions must contain the following information:

- (a) unless the SGX-ST requires otherwise, the names of the interested persons with whom the entity at risk will be transacting;
- (b) the nature of the transactions contemplated under the mandate;
- (c) the rationale for, and benefit to, the entity at risk;
- (d) the methods or procedures for determining transaction prices;
- (e) the independent financial adviser’s opinion on whether the methods or procedures in (d) are sufficient to ensure that the transactions will be carried out on normal commercial terms and will not be prejudicial to the interests of the issuer and its minority shareholders;
- (f) an opinion from the audit committee if it takes a different view to the independent financial adviser;

¹ As announced by the Company via SGXNET on 24 January 2025, the Company has changed its financial year end from 31 December to 31 March.

LETTER TO SHAREHOLDERS

- (g) a statement from the issuer that it will obtain a fresh mandate from shareholders if the methods or procedures in (d) become inappropriate; and
- (h) a statement that the interested person will abstain, and has undertaken to ensure that its associates will abstain, from voting on the resolution approving the transaction.

The information required under Rule 920(1)(b) of the Listing Manual are set out in the ensuing sections.

3. INFORMATION ON THE INTERESTED PERSON

- 3.1.1 Tee Yih Jia Food Manufacturing Pte. Ltd. (“**TYJ**”) is a private company incorporated in 1969 under the laws of Singapore. Dr Goi Seng Hui, the Company’s Non-independent, Non-executive Director and Vice Chairman, holds 99.98% of the issued and paid-up share capital of TYJ.
- 3.1.2 As at the Latest Practicable Date, TYJ holds 95,637,048 Shares representing approximately 27.6% of the Company’s issued and paid-up share capital (excluding treasury shares). Accordingly, as TYJ holds more than 15% of the Company’s issued and paid-up share capital (excluding treasury shares), it is a Controlling Shareholder of the Company. As a Controlling Shareholder of the Company, TYJ is considered an interested person (“**Interested Person**”) within the meaning of Chapter 9 of the Listing Manual and transactions between the Group and TYJ are deemed interested person transactions (“**Interested Person Transactions**”) within the meaning of Chapter 9 of the Listing Manual.
- 3.1.3 TYJ is principally engaged in investment holding and the manufacturing, export, distribution and trading of food products.

4. PROPOSED IPT MANDATE

4.1 Scope of the Proposed IPT Mandate

- 4.1.1 The transactions to be covered under the Proposed IPT Mandate are the sale and purchase of raw materials and goods including cocoa beans and cocoa ingredient products such as cocoa liquor, cocoa butter, cocoa cake and cocoa powder between the Group and TYJ (“**Mandated IPTs**”).
- 4.1.2 For clarity, there is only one interested person under the Proposed IPT Mandate, being TYJ, and there is only one category of Mandated IPTs under the Proposed IPT Mandate, being the sale and purchase of raw materials and goods including cocoa beans and cocoa ingredient products.
- 4.1.3 The Proposed IPT Mandate will not cover any transactions below S\$100,000 in value between the Group and TYJ as the threshold and aggregation requirements of Chapter 9 of the Listing Manual do not apply to such transactions. In addition, transactions with interested persons other than those named in the Proposed IPT Mandate and interested person transactions with TYJ that do not fall within the ambit of the Proposed IPT Mandate will be subject to the relevant provisions of Chapter 9 of the Listing Manual and/or other provisions of the Listing Manual.

LETTER TO SHAREHOLDERS

4.2 Rationale for, and Benefits of the Proposed IPT Mandate

- 4.2.1 The production and sale of cocoa ingredient products is a price and time-sensitive business.
- 4.2.2 Prices of cocoa beans have been volatile. In particular, during 2024, due to a shortage of cocoa beans brought about by unfavourable weather conditions in Côte d'Ivoire, prices of cocoa beans fluctuated by more than three (3) times. As a reference, prices of cocoa beans fluctuated between US\$4,094 per metric ton ("MT") and US\$12,565 per MT during 2024². Accordingly, it is beneficial to the Group to have TYJ, which has strong financial position, as a business partner in the sale and purchase of cocoa beans and cocoa ingredient products.
- 4.2.3 In addition, the timely supply of cocoa beans will improve the overall production efficiency of the Group and allow the Group to better manage its working capital, thereby reducing the finance costs of the Group. TYJ, from time to time, in the course of its business, buys and sells raw materials and ingredients for food products, including cocoa beans and cocoa ingredient products. Accordingly, it is also beneficial to the Group to have TYJ as a supplier to widen its pool of reliable suppliers which have the ability to meet the quantity and quality required by the Group in a timely manner, particularly during periods of shortage of cocoa beans due to, *inter alia*, factors such as extreme weather events including El Niño.
- 4.2.4 Hence, the Company is proposing the adoption of the Proposed IPT Mandate to facilitate the Group's sale and purchase of cocoa beans and cocoa ingredient products with TYJ from time to time.
- 4.2.5 The Proposed IPT Mandate will also eliminate the need for the Company to announce and convene separate general meetings on such occasion to seek Shareholders' prior approval for the entry by the Group into the Mandated IPTs. This will substantially reduce the expenses associated with the convening of general meetings (including the engagement of external advisers and preparation of documents) on an *ad hoc* basis, which will improve administrative efficacy considerably, and will allow manpower resources and time to be channelled towards attaining other business objectives of the Group.
- 4.2.6 In view of the time-sensitive nature of commercial transactions, the Proposed IPT Mandate and the renewal thereof on an annual basis is intended to facilitate transactions in the normal course of business of the Group which are transacted from time to time with TYJ, provided that they are carried out at arm's length and on normal commercial terms and are not prejudicial to the interests of the Company and its Minority Shareholders.
- 4.2.7 The Company therefore wishes to obtain Shareholders' approval for the adoption of the Proposed IPT Mandate.

LETTER TO SHAREHOLDERS

4.3 Methods and Procedures for the Mandated IPTs

4.3.1 The Company has established the following methods and procedures to ensure that the Mandated IPTs are and will be undertaken on an arm's length basis and on normal commercial terms, consistent with the usual business practices and policies of the Group which are generally no more favourable to TYJ than those extended to or by unrelated third parties and are not prejudicial to the interests of the Company and its Minority Shareholders:

- (a) when entering into cocoa beans and/or cocoa ingredient products purchase contracts with TYJ, the Group shall take into account the prices and terms of at least two (2) other comparative offers from unrelated third parties (where possible), contemporaneous in time. The purchase price paid by the Group to TYJ shall not be more favourable to TYJ as compared to the purchase prices offered in two (2) comparative offers from unrelated third parties after comparing the specifications of the cocoa beans and/or cocoa ingredient products offered by the suppliers. As the Group's main raw material, cocoa beans, is a market traded commodity, the pricing of cocoa beans will take reference from the Cocoa Bean Terminal Price and a differential that is determined based on several factors such as, but not limited to, the product quality, quantity, market supply and market demand. The pricing for the cocoa ingredient products will also take into account the respective ratio of the key ingredients in such cocoa ingredient products multiplied by the Cocoa Bean Terminal Price;
- (b) when assessing whether the purchase price offered by TYJ is competitive, the Group may take into consideration all pertinent factors, including but not limited to, the specifications of the products (including the country of origin and the quality), the shipping terms, the delivery schedules, the credit terms granted, quantity and packaging requirement;
- (c) when entering into cocoa beans and/or cocoa ingredient products sales contracts with TYJ, the prices and terms of at least two (2) other recently entered sales contracts of a similar nature with unrelated third parties (where possible) will be used as comparison. The sale price to TYJ shall not be more favourable to TYJ as compared to the sale price of the other two (2) sales contracts with unrelated third parties. Similarly, the pricing for the cocoa beans will take reference from the Cocoa Bean Terminal Price and a differential that is determined based on several factors such as, but not limited to, the product quality, quantity, market supply and market demand. For the cocoa ingredient products, the sale price will also take into account the respective ratio of the key ingredients in such cocoa ingredient products (of same product specifications and terms including delivery schedules) multiplied by the Cocoa Bean Terminal Price;
- (d) when determining the sale price to TYJ, the Group may take into consideration all pertinent factors, including but not limited to, the availability of the cocoa beans and/or cocoa ingredient products required by TYJ, the quantity, the production capacity of the Group, the cost of the Group (including cost of production and shipment), the shipping terms, the delivery schedules and the payment terms; and
- (e) in the event the Group enters into a master contract for the purchase and/or sale of cocoa beans and/or cocoa ingredient products with TYJ, the Group shall take into account terms of similar master contracts entered into between the Group and at least

LETTER TO SHAREHOLDERS

two (2) unrelated third parties (where possible), contemporaneous in time. The purchase and/or sale terms of the master contract to be entered into between the Group and TYJ shall not be (i) more favourable to TYJ as compared to those extended by the Group to unrelated third parties, or (ii) less favourable to the Group as compared to terms offered to the Group by unrelated third parties. When determining the terms of the master contract, the Group may take into consideration all pertinent factors, including but not limited to, the duration of the master contract, the maximum quantity and value of the master contract, the termination penalty as well as the relevant purchase or sales consideration factors mentioned in paragraphs (b) and (d) above.

4.3.2 The considerations in Sections 4.3.1 (a) to (e) above will allow for variation from prices and terms of the comparative offers or sales so long as the volume of trade, credit-worthiness of the buyer, differences in service, reliability, purchase terms, availability of demand and supply for cocoa beans (being a market traded and quoted product), or other relevant factors justify the variation and so long as the comparative offer or sale incorporates modifications that account for volatility of the market for the goods in question. For the avoidance of doubt, all Mandated IPTs entered with TYJ shall be on terms no more favourable than the usual commercial terms extended by the Group to unrelated third parties and/or otherwise in accordance with the applicable industry norms.

4.3.3 For Sections 4.3.1 (a) to (e) above, in the event that it is not possible or practical for appropriate information (such as comparable quotes for comparative purposes) to be obtained, the transaction price will be determined by the CEO or the Chief Financial Officer or any authorised person (being head of department or equivalent designation) who must have no interest, direct or indirect, in the Mandated IPT as designated by the Audit Committee, in accordance with the Group's usual business practices and pricing policies for the same or substantially similar type of products or services to be bought from or sold to unrelated third parties or in accordance with industry norms (as the case may be) as approved by the Audit Committee. Such situations may arise when suppliers are designated by the end customers to meet their own internal requirements. In such cases, due to the differentials in the type of cocoa beans used, there might not be comparable quotes. In determining the transaction price, factors such as, but not limited to, the product quality, the end product yield, the transaction volume, the delivery schedules, customers' requirements and specifications, cost of freight and the resources available to the Group will be considered.

4.4 Approval Thresholds, Additional Guidelines and Approval Procedures

The Group will be adopting the following approval thresholds and additional guidelines and approval procedures for the Mandated IPTs:

- (a) any single contract of a value below one per cent (1%) of the latest audited NTA of the Group, will be reviewed to ensure that such contracts are carried out on normal commercial terms and in accordance with the methods and procedures set out in Section 4.3 above by the respective head of departments (for example head of procurement for purchasing transaction or head of sales for sale transactions) or equivalent designation who must have no interest, direct or indirect, in the contract, prior to entering into the contract;

LETTER TO SHAREHOLDERS

- (b) any single contract of a value equal to or above one per cent (1%) of the latest audited NTA of the Group, will be reviewed to ensure that such contracts are carried out on normal commercial terms and in accordance with the methods and procedures set out in Section 4.3 above and approved by the CEO or Chief Financial Officer or any authorised person (being head of department or equivalent designation) who must have no interest, direct or indirect, in the contract as designated by the Audit Committee prior to entering into the contract;
